ABOUT SELIMAR

At Selimar, we are committed to delivering reliable, high-quality marine services to vessels calling at Egyptian ports. With extensive industry expertise and a customer-focused approach, we provide integrated solutions that meet the operational, technical, and environmental needs of the maritime sector.

Our services include ship repair and maintenance, hull works, marine engineering, environmental waste management, ship chandling, and the supply of genuine spare parts. Every service is delivered in compliance with international maritime standards to ensure safety, efficiency, and operational excellence.

Driven by professionalism, integrity, and continuous improvement, Selimar is dedicated to minimizing vessel downtime, maximizing operational performance, and building long-term partnerships based on trust, quality, and exceptional service.

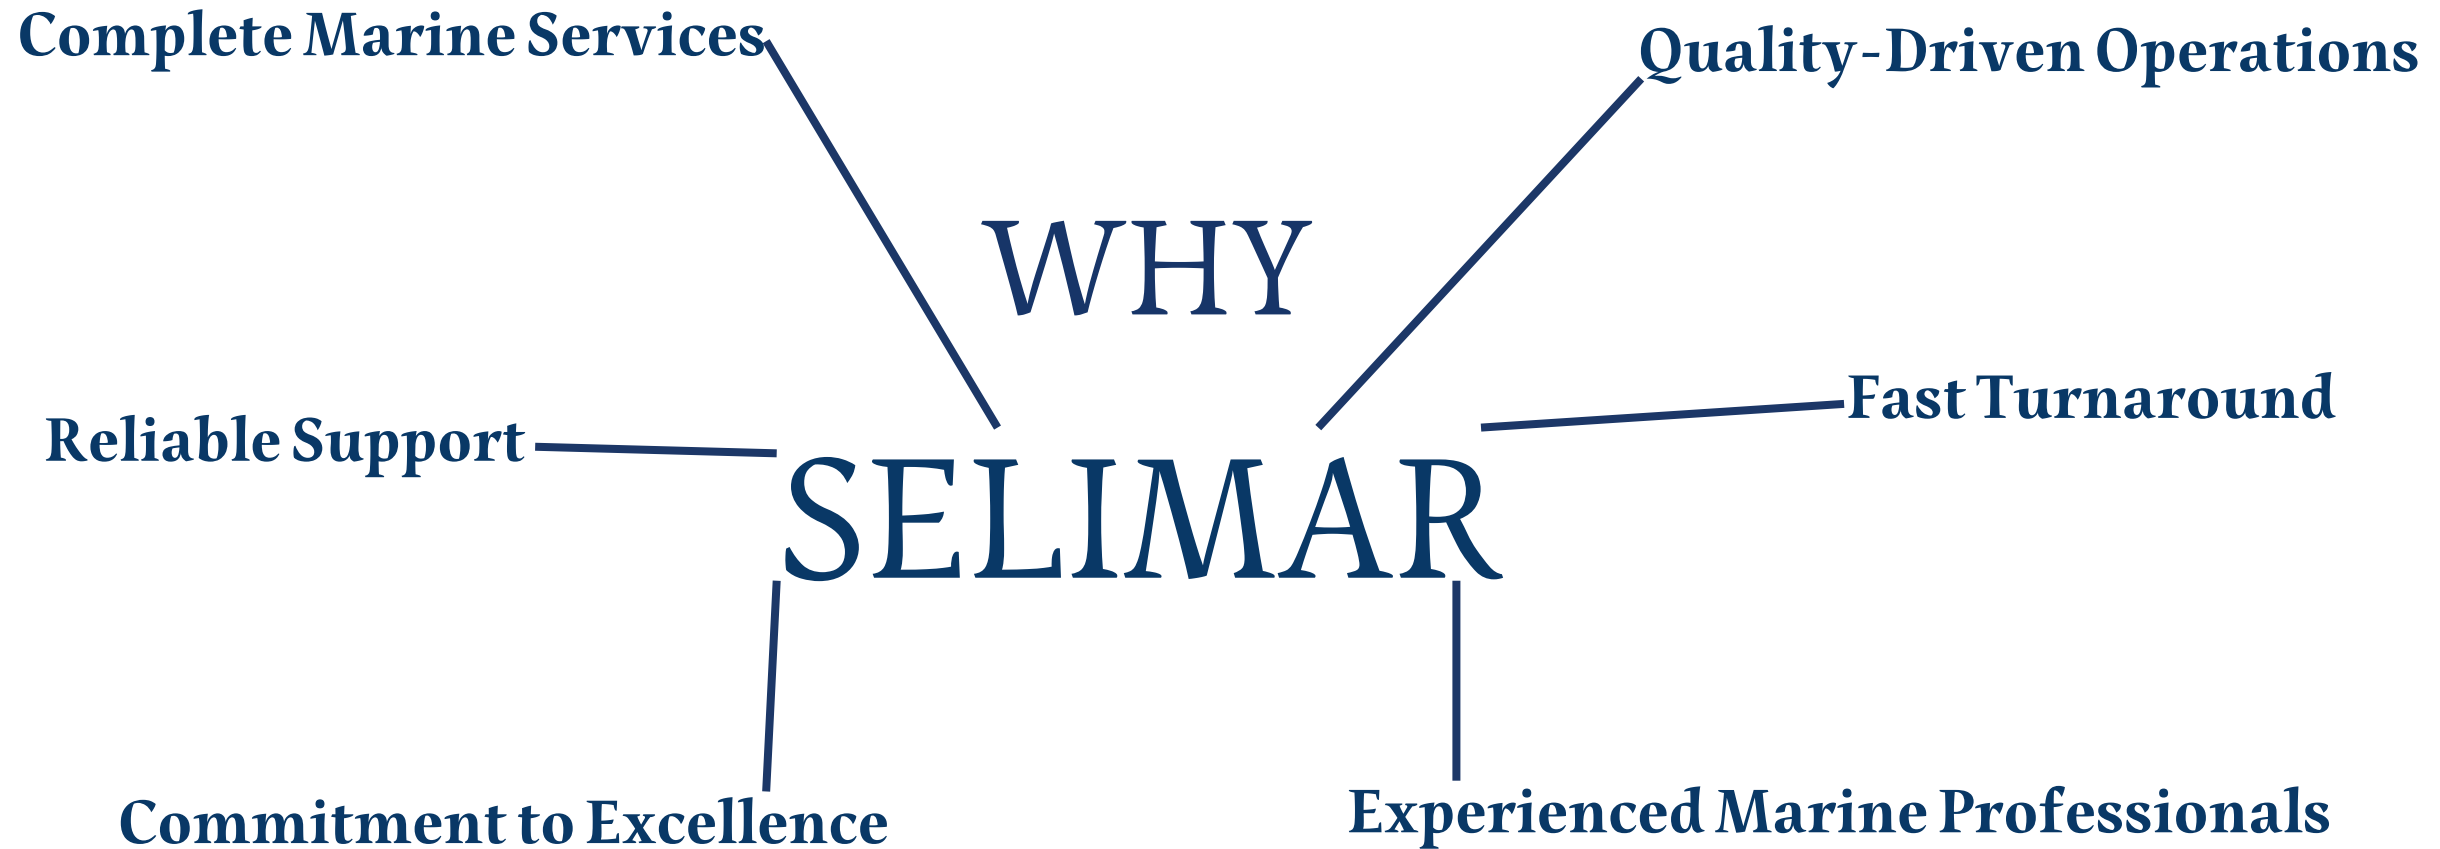

OUR VISION

To become the leading and most trusted provider of integrated marine services in Egypt and the region, recognized for excellence, reliability, innovation, and commitment to international maritime standards.

OUR MISSION

Our mission is to deliver comprehensive, high-quality marine solutions that ensure the safety, efficiency, and uninterrupted operation of vessels. Through our experienced team, technical expertise, and commitment to environmental responsibility, we strive to exceed customer expectations while building long-term partnerships based on trust, quality, and professionalism.
